

## Technical Rider

---

### DJ

1 x E&S DJR400 (1st choice) or Rane MP 2015 or DJM900  
2 x Technic SL 1200/1210's  
2x CDJ 2000 Nexus 2 linked  
Extra set of new turntable needles  
2 x High quality monitor speakers with volume control from stage  
High quality sound system  
Steady table that is easy accessible during set and has light for records during the set

### Notes

Turntables must be properly isolated to prevent feedback through needles when playing on full volume. Turntables must be placed on stable, non-vibrating surface (we recommend 2 concrete stones placed on 4 squash balls) on a hip-high table of sturdy quality. The monitors should be able to play at least 110 dbA without noise distortion. Monitoring should consist of subwoofers and tops for each side, no floor monitors. All equipment needs to be sound-checked prior the performance by promoter.

## Hospitality Rider

---

### At the booth

1x bottle of dark brown rum  
6x ginger beer  
2x liter bottle of water  
10x beers  
Several drink tickets
